

MUSKOKA RAAM CLINIC

RAPID ACCESS ADDICTION MEDICINE

A RAAM Clinic is a fast-access, low-barrier clinic for people 16 years or older struggling with alcohol or opioid use.

Services Provided:

- Anti-craving medication for alcohol use disorder
- Suboxone induction and stabilization for opioid use disorder
- One-to-one counselling supports
- Harm reduction supplies and support
- Trauma-informed care
- Transition back to primary care for ongoing support when stable

Services Not Provided:

- Management of acute/severe withdrawal
- Management of acute intoxication
- Replacement of primary care services
- Methadone prescriptions or replacement of methadone
- Diagnosis, treatment, or opioid prescriptions for chronic pain
- Safe injection site services

RAAM is now offered virtually due to COVID-19.
